

New Membership Structure and Cost

SAIPPA represents Independent Power Producers and private sector participants across South Africa, fostering collaboration with industry, government, and regulators to support a transparent, non-discriminatory, and sustainable energy sector.

By becoming a SAIPPA member, organisations and individuals gain access to a network of industry leaders, policymakers, and experts who are actively shaping the future of South Africa's power sector. Members benefit from opportunities to participate in advocacy initiatives, industry working groups, webinars, and networking events, while staying informed on key regulatory and market developments.

SAIPPA offers a range of membership tiers designed to accommodate different levels of engagement, from strategic partners in industry advocacy, to companies, service providers, and individual professionals looking to stay connected and contribute to the sector's growth.

Explore our membership tiers below and become part of industry leaders driving energy development in South Africa.
